are appealing  
with their sleek  
design, precision  
technology,  
and smart control  
options.

Bernafon Zerena miniRITE

**ZERENA**  
HEARING AIDS  
FROM  
BERNAFON  
ARE PROVEN  
TO ...

Significantly improve speech understanding in noisy and dynamic listening situations.<sup>1</sup>  
This makes conversations easier to follow.

Provide maximum comfort in highly noisy places.<sup>2</sup>  
This makes loud sounds more natural.

Reduce listening effort so that you can focus on hearing what's important to you.<sup>3</sup>  
This makes busy places less tiring.

<sup>1</sup> Bernafon (2017). *Dynamic Noise Management™ – A Winning Team*. Topics in Amplification.

<sup>2</sup> Bernafon (2017). *Dynamic Amplification Control™ – Intelligent Amplification*. Topics in Amplification.

<sup>3</sup> Bernafon (2017). *Benefits of Dynamic Amplification Control™ in complex listening environments*. White Paper.

# THE TECHNOLOGY IN ZERENA

DECS™ technology stands for Dynamic Environment Control System™. This precision technology works instantaneously and seamlessly in all listening environments. From quiet to noisy to frequently changing listening situations, the system analyzes 32,000 data points per second.

The instruments stay in sync with the environment to optimize speech sounds no matter where you are and what you are doing. They precisely reduce noise without adversely affecting speech understanding, making engaging in conversations much easier.

## Special features for special moments

---

Live Music Program for boundless hearing enjoyment when listening to music

---

Comfort in Airplane program for making your flight from A to B more comfortable

---

Transient Noise Reduction for suppressing unpleasant impulse sounds (e.g., rattling silverware)

---

Adaptive Feedback Canceller for eliminating annoying whistling tones before they become audible

# TURN **ZERENA** INTO A RECHARGEABLE HEARING AID

**Z|power**<sup>®</sup>

Zerena rechargeable miniRITE

The Zerena rechargeable miniRITE uses the long-lasting silver-zinc microbattery from ZPower. Simply charge them overnight and you can expect boundless hearing throughout the day.

Zerena rechargeable miniRITE in the battery charger

By using the rechargeable option, you can save time by not having to buy and dispose of hearing aid batteries. You also don't need to think about changing the batteries every few days. And, you are doing something good for the environment too.

**ARE YOU A PASSIONATE TRAVELER OR AN OUTDOOR ENTHUSIAST?** Simply insert regular batteries when charging possibilities are limited.

# HEARING AIDS THAT WORK LIKE **STEREO** **HEADPHONES**

Do you want to have the sound from your TV streamed directly into your ears? This is possible with Zerena hearing aids and the TV-A adapter. Watch TV at your preferred volume and enjoy premium Dolby Digital® Stereo sound quality.

TV-A adapter connected to the TV

Sound from the TV is streamed directly into both ears

Or do you prefer to watch your favorite TV series on your iPad® or listen to your favorite music on your iPhone® or iPod®? With Zerena you can have the sound from these devices streamed directly into your ears too.\*

\*For information on compatibility, please visit:  
[www.bernafon.com/products/accessories](http://www.bernafon.com/products/accessories).

# THE SMALL ALL-ROUNDER

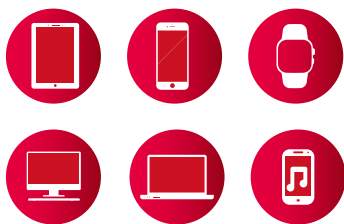

The SoundClip-A is a versatile accessory that allows you to stream sound from nearly every audio device to both hearing aids. It is an audio streamer, remote microphone, and remote control, all at the same time.

Use the SoundClip-A for hands-free phone conversations with all modern smartphones\*.

SoundClip-A works as a remote microphone for better communication at a distance and in very noisy environments.

\*All smartphones with Bluetooth® from 2010 onwards.

# AND MORE WITH ZERENA

Get to know the free Bernafon EasyControl-A app. Change the program or volume, use the find my hearing aid function, or check the battery level with the app.

Bernafon RC-A remote control

Alternatively, regulate the volume and change programs with the discreet RC-A remote control. Small and slim, the RC-A fits easily in every pocket, in every handbag and clutch, and lies comfortably in your hand.

**BERNAFON ZERENA** is available in three different hearing aid styles, multiple colors, and three performance categories. Ask your hearing care professional for more information or visit our Bernafon website at [www.bernafon.com](http://www.bernafon.com).

Hearing and understanding are basic human needs. Hearing problems and the resulting social consequences represent a challenge to society. We believe in a world where people with restricted hearing can communicate again thanks to advanced technology.
